

Nordic seminar on Prioritization of substances

26 - 27 October 2021 webinar

Day 1 – 26 October

| | | |
|-------|--------------------------|----------------------------|
| 12.00 | Welcome and introduction | Joint Nordic Scening Group |
|-------|--------------------------|----------------------------|

Part I – Prioritization strategies

| | | |
|-------|--|-----------------------------------|
| 12.15 | Joint Nordic Screening Project on Prioritization | Hans Sanderson, Aarhus University |
|-------|--|-----------------------------------|

| | | |
|-------|---|--|
| 12.40 | Role of prioritisation in chemicals legislation | Henna Piha, European Chemicals Agency (ECHA) |
|-------|---|--|

| | | |
|-------|--------------------------------|-------------------------------|
| 13.05 | Norman group on prioritization | Valeria Dulio, Norman Network |
|-------|--------------------------------|-------------------------------|

13.30 – 13.40 Health Break

| | | |
|-------|--|---|
| 13.40 | HELCOM's work on hazardous substances - lessons learned and recommendations for the future | Emma Undeman, Stockholm University, Baltic Sea Centre |
|-------|--|---|

Part II- Prioritization based on effect

| | | |
|-------|--|---------------------------------------|
| 14.05 | Prioritization based on effect – VANDALF | Mafalda Castro, Copenhagen University |
|-------|--|---------------------------------------|

14.30 - 15.00 Coffee break including discussions and social networking

| | | |
|-------|---|--|
| 15.00 | Effect-based in vitro methods to monitor hazardous chemicals in the environment | Johan Lundqvist, Swedish University of Agricultural Sciences |
|-------|---|--|

| | | |
|-------|---|--|
| 15.25 | Screening of Chemical Contaminants in Top Predators | Jaroslav Slobodnik, Environmental Institute of the Slovak Republic, NORMAN network |
|-------|---|--|

| | | |
|---------------|------------------|--|
| 15.50 – 16:00 | Summing up Day 1 | |
|---------------|------------------|--|

| Day 2 27 October | | |
|--|--|---|
| 12.00 | Welcome to Day 2 | Joint Nordic Scening Group |
| <i>Part III– Screening</i> | | |
| 12.05 | Joint Nordic screening of chlorinated parafins, dechloranes and UV substances. | Martin Schlabach, Norwegian Institute for Air Research (NILU) |
| 12.30 | PMT substances; Persistent, Mobile and Toxic | Sarah Hale, Norwegian Geotechnical Institute (NGI) |
| 12.55 | Identifying new and emerging risk chemicals – focusing on human exposure | Jana Weiss, Stockholm University |
| 13.20 – 13.30 Health Break | | |
| <i>Part IV– Prioritization and regulation</i> | | |
| 13.30 | Early warning tool developed for the Swedish Toxicological Council | Patrik Andersson, Umeå University |
| 13.55 | Watch List under the WFD Selection Process of New Substances | Teresa Lettieri, DG JRC EU Joint Research Center |
| 14.20 – 14.50 Coffee break including discussions and social networking | | |
| <i>Part V– Policy needs</i> | | |
| 14.50 | How SIN list and marketplace can drive substitution | Anna Lennquist, ChemSec |
| 15.15 | Nordic Swan Ecolabel and Substitution of Chemicals | Audrun Utskarpen, Svanemerket |
| 16.40 | Early Warning System in PARC | Karin Wiberg, Swedish University of Agricultural Sciences |
| 16.05 – 17:00 | Summing up Day 2 and end of seminar | |
